

Ali Younes Saleh Hasan

علي يونس صالح حسن

Lecturer

PROFILE

Ali Younes Saleh Hasan is an academic and educator currently serving as a Lecturer, a position he assumed in 2025. Dedicated to advancing higher education and scholarly inquiry, he actively contributes to both university instruction and academic research within his field.

Hasan's research portfolio reflects a growing presence in academic literature. According to Google Scholar, he has authored six scholarly publications, accumulating 24 citations and achieving an h-index of 2. These metrics highlight his early-career contributions and his continuous engagement with the broader research community.

In his instructional role, Hasan is committed to fostering academic excellence, supporting student development, and disseminating impactful research findings. As his academic career develops, he remains focused on expanding his research initiatives, collaborating on scholarly projects, and contributing meaningfully to higher education and scholarly discourse.
